COLOR SAMPLES

Color is a very important feature in the selection of our products.

Our color options cover a wide array of beautiful tints. These Color Samples show how color can produce a unique and individual look for each piece of our statuary product line.

We have chosen the intricately detailed Ornate Pedestal #862-A to demonstrate this amazing diversity and expression that is a result of our hand-applied color treatments.

CATALOG REPRESENTATION:

Each Kansas City Art Statuary, Inc. product is handcrafted and individually stained. Designs and molds are consistently updated and improved. Finishes may vary depending on the design and surface texture of each product. As a result, minor details and actual colors may vary from one product to another and from their representations in our catalog, on our website or elsewhere.
